

An Artistic Souvenir.

A good deal of advertising is now being done by means of illustrated souvenirs, and some of them are very effective.

It is rarely that one has the opportunity to examine a more artistic work than the one hundred-page book just issued by the Southern Pacific Company and entitled "West by South, 12 S." Its pictures of scenes in the States and Territories which the great railroad traverses are gems which are calculated to breed a desire for travel in the most conservative stay-at-homes, while its reading matter descriptive of those scenes, tends to increase the desire. Beginning with New Orleans, the reader is taken through the most charming spots of Texas, Mexico, New Mexico, Arizona and California. Copies of the work can be obtained at the general office of the Southern Pacific Company in San Francisco for 25 cents, and the person who obtains one will not be apt to be contented with less than a dozen more to be presented to friends.

Why Not?

A big tin plate works is to be placed in Baltimore, eh? and some English makers of tin plate are going to bring their establishments over to this country. This is all strange. We thought that we all had got to pay some \$14,000,000 a year to the Government for the privilege of getting our tin plate in England. This is the way that the Democrats have been putting it. Perhaps the competition will make as great a mess of their prediction, as the tin pail and the tin pan. We are of the opinion that the old tin pail and tin pan lasted a little too long and that the the speculators in tin plate are about to be knocked out by competition, which will settle the price from this on.

Carson Society.

It is reported that the Carson people are seriously considering the idea of sending an invitation to King Kalakaua to visit that city during the session of the Legislature. The report that His Majesty has \$600,000 to invest in poker chips, doubtless is the cause of the proffered hospitality. Journal.

That amount would hardly be a drop in the bucket in Carson this winter. Last winter it would have been quite acceptable.

Pahrnatag Lake District.

Pioche Record: Mr. George S. Barber, mentioned last week as having taken a six months' bond and lease on the Balback mine in Pahrnatag Lake district, went down to that place during the week to begin work on the property. Several loads of mining supplies left town during the week also, and work will be pushed vigorously. Nine men will be employed for the present, about half of which number have gone down from here already.

Nevada Wheat.

The Marysville (Cal.) Appeal has to say of Nevada: Residents of this section of the country will be surprised to learn of the wheat producing quality of Nevada lands. That State has never been considered a wheat growing country, yet it appears that in the quantity of wheat she produces, she compares favorably with any other State.

By the way, what's to hinder Elko from organizing a brass band? We have plenty of good material here, and we might have a band that would be a credit to the town.—Free Press.

The chief hindering agency will probably be the fine musical ear possessed by the citizens of Elko. They think they have enough shot guns there to prevent an amateur band being started. If Elko wants band music let it come to Carson. The Capital can furnish the State with music.

Gen. Powning will remain in Reno. The first part of the new year he will move into a cottage which he built last Summer in Powning's Addition.

Louis Aronson has received a splendid lot of genuine merchaum and French briar pipes and cigar holders; also a stock of the best Westernholm cutlery. d13m
